CONFIDENTIALCHRONOLOGICAL SUMMARY OF SIGNIFICANT EVENTS

At 0755H on 1 Dec, the Howtar Battery displaced five guns to (YD 892136) during the conduct of a battalion firing demonstration. The demonstration emphasized massing the fires of the battalion on defensive concentrations, and firing the barrage with the Howtar Battery. Later in the day, a U.S. Army Calibration Team calibrated the 18 howitzers in the 4th Battalion.

During the night of 1 Dec, at 2000H and 2125H, illumination missions were fired for elements of 3/4 in contact with VC at (YD 816174) and (YD 921111). Both missions were completed but no surveillance obtained.

On 2 Dec, I Battery displaced four guns to (YD 882116) at 0730H and Battery M moved two guns forward to (YD 859118) at 1400H. Battery I conducted observed missions on suspected enemy positions in the west sector of the TAOR, and M fired H&I missions.

At 021305H, the AO adjusted M on 2 VC at (YD 733094). The area was well covered, but no surveillance of the enemy was obtained after firing.

The Howtar Battery conducted a night occupation of position, moving to (YD 871139) at 021900H and returning to their primary position at 2100H.

I Battery fired ten observed missions on suspected VC harboring sites and avenues of approach in the southern portion of the TAOR on 3 Dec. The Battery occupied a forward position at (YD 877123) at 0915H, and returned to primary position at 1555H after firing several H&I missions.

At 031850H, an AO attached to 3/4 requested fire on a squad of VC at (YD 830075). No surveillance of the mission was possible due to darkness.

Two rounds of illumination and seven rounds of HE were fired in support of a 3/4 ambush at 032010H in the vicinity of (YD 9007). No surveillance was obtained.

At 050715H the Howtar Battery displaced to (YD 868118). Ten observed missions were fired on suspected assembly areas, avenues of approach, and OP's in the western portion of the TAOR. The missions were observed by an OP group of Scout Observer Trainees manning OP Tango (YD 855733).

Between 050430H and 050500H the battalion fired a preparation for ARVN on a sweep S of the TAOR near TRUOI BRIDGE. Later in the day, members of the new K Co, 3/4 were oriented by firing in their defensive concentrations with shell smoke.

M displaced two guns to (YD 882116) at 061300H, and fired 22 H&I missions beyond the normal maximum range from their primary position. In the afternoon of 6 Dec, LtGen V. H. KRUEAK toured the battalions civil affairs project in the refugee villages of DIEM TRU, KE BANG, and PHAN DANG (YD 8616).

At 061916H I displaced four guns to a forward position at (YD 875139) and conducted coordinated illumination and HE missions until 2130H.

M fired on one VC at (YD 770077) at 061800H. Surveillance reported good effect on the target area. Two illumination missions were fired during VC contact at (YD 907099) and (YD 905090) during the night of 6 Dec.

At 080630H four M-109 (SP) and three towed 155mm howitzers were moved to (YD 859118) in support of Operation GUNSMOKE, a Marine and ARVN sweep on the west bank of the SONG HONG River from (YD 741161) to (YD 748148). Two of the towed howitzers were manned by personnel from I Battery. Two missions were fired in support of the operation. A VC ambush was dispersed by one mission at (YD 733161) and an unobserved mission was fired on a suspected VC stronghold at (YD 736138).

The Howtar Battery conducted a night occupation of a position at (YD 861142) on the night of 7 Dec.

On 9 Dec, the Howtar Battery fired 24 observed missions on suspected VC positions from a forward position at (YD 883092). An OP was established on Hill 108 (YD 871077) and manned by Scout Observer Trainees. I Battery displaced to (YD 815139) at 091912H at 091912H and fired one coordinated illumination and HE mission before returning to their primary position at 2130H.

Daylight H&I missions were fired by M from a forward position at (YD 859118) on the afternoon of 10 Dec.

At 100100H, an undetermined number of VC attacked the HUONG THUY District HQ with mortars. Three unobserved defensive concentrations were fired at the request of ARVN, and the HQ Crater Analysis Team went to the area during the day. At 0735H on 10 Dec the AO destroyed a boat at (YD 818034).

Illumination was fired for ARVN at 102200H during a light VC probe at (YD 760130). Later in the night, at 110148H, M fired illumination for M/3/4 during a contact which resulted in 4 VC KIA, 1 prisoner, and 5 weapons captured.

On 11 Dec at 0715H, I displaced four guns to (YD 868218) and fired 13 observed missions in the southern sector of the area of suspected VC locations.
